

Heckington St Andrew's C of E Primary School Newsletter

Dear Parents,

Another busy week at school this week. The children are fully engaged in their learning projects and there have been lots of exciting lessons with ice melting, hot seating explorers, creating under the sea stories, going on bear hunts and lots of maths challenges. We have two opportunities coming up for you to join us. Our Christingle celebration is on Monday 30th January at 2pm in church. Members of the congregation from St Andrew's are visiting school in the day to make Christingles with the children to take to the church for our celebration. The Children's Society candles will also be collected in the service. Our maths workshops are also a chance for you to find out about how Maths is taught in school and how you can help your child at home. Details of this are in this newsletter.

The staff and I always welcome your support so please be in touch if you want to come in and help in whatever way you can.
