

Scrumdiddlyumptious!

We're going to enjoy a yummy journey of discovery, sampling fantastic fruits and tantalising treats!

This half term, we'll visit a local shop(The Windmill shop, Heckington) to find out about the food sold there. We'll bring back samples of fruit and vegetables so we can investigate them using our senses. Will we like everything we taste? We'll also try different types of bread. In art and design, we'll look closely at fruits and vegetables and sketch what we can see. We'll find out where different foods come from around the world. Our science work will focus on classifying food, finding out how food can be altered.

ILP focus	
English	Cloudy with a chance of meatballs, Green eggs and ham – nonsense poetry, instructions, narrative.
Science	Nutrition and states of matter.
D&T	Cooking
Art & design	Sketching and sculpting
Geography	Food miles and Fairtrade
Languages	Spanish
Mathematics	Addition and subtraction, multiplication and division
Music	Singing, preparation for Christmas performance
PE	Dance and multi-skills
Computing	Creating an email and label using ICT.

Help your child prepare for their project

This is a perfect opportunity to taste new foods and have a go at following recipes. Why not bake healthy muffins or prepare a slow cooker stew together? You could also sample adventurous foods from around the world. Alternatively, you could read the packaging of foods in your fridge to find out where they have come from.
